Advances in
Optics and Photonics

OSA PUBLISHING

Access the largest collection of peer-reviewed optics and photonics content via OSA Publishing's Digital Library. It contains more than 384,000 articles from 19 publications including The Optical Society's flagship magazine, as well as conference papers from around 800 meetings.

▶ **LEGACY.**

For over 100 years, OSA has provided quality research, inspired interactions, and dedicated significant resources to support the global optics and photonics community.

▶ **MOST ARTICLES AND CITATIONS.**

OSA is proud that its collection of flagship, partnered, and co-published peer-reviewed journals continue to receive the most citations (39%) and publish the largest number of articles (34%) in the field of optics and photonics. [Journal Citation Reports (Source Clarivate, 2020)]

▶ **HIGHEST QUALITY.**

Scientists regularly turn to OSA's content to meet their research needs. Since 1917, OSA has been publishing seminal research in optics and photonics, including the findings of thought leaders, Nobel Prize winners, and inventors who have changed the technological landscape in our field.

▶ **GLOBAL REACH.**

Uniting 395,000 professionals from 179 countries, OSA brings together the global optics and photonics community through its publishing program. Using OSA's best-in-class publishing infrastructure, authors and readers from around the world can easily submit their manuscripts and discover our published content.

NEW PRODUCTS AND POLICY UPDATES

NEW DIGITAL ARCHIVE OFFERING: AVAILABLE JANUARY 2021

In 2021, OSA is adding a new archive product—the **OSA Digital Archive 3**. It offers perpetual access to the PDFs of more than 54,000 journal articles and conference proceedings from 2016 to 2020 and supplements the OSA Digital Archive 1 and 2 products. **See page 17–18 for details.**

EXPANDED ACCESS OPTIONS AVAILABLE

OSA has significantly expanded the number of options available for your patrons to access your subscribed content. For example, OSA has implemented federated access, often referred to as “Shibboleth” or “OpenAthens” in partnership with eduGAIN. As federated access delivers content directly from OSA’s platform to your logged-in patron working off-campus, your patrons will not need be dependent on bandwidth provided by your university’s VPN to access your subscribed content. If you would like to provide federated access to your subscribed content, please contact us at **elec@osa.org**, and we will work with you to establish it for your institution.

EXTENDED BACKFILE PROGRAM CONTINUES—YEARS OF COMPLIMENTARY ACCESS CHANGING

As a reminder, OSA’s single-title subscription pricing includes access to newly published articles in 2021 plus complimentary access to a portion of the backfile. Next year, complimentary access for all single title subscriptions will include content from 2011 to 2020 (instead of back to 2010 as with all 2020 subscriptions). For those interested in providing access to content prior to 2011, there are a few different options. Subscribers can either upgrade to one of our package products and receive complimentary access to the entire backfile for all titles in that package, lease the applicable backfile, or acquire one of OSA’s Digital Archive products.

JOURNAL CITATION METRICS

Additional metrics for OSA Publishing's journals, including Eigenfactor and Google Scholar h5-index, can be found at osapublishing.org/journalmetrics.cfm.

IMPACT FACTORS FOR OTHER OSA JOURNALS: *Applied Spectroscopy* (AS) has a 2019 Impact Factor of 2.087. It is listed in the Spectroscopy category and achieved a ranking of #17 out of 42 journals by Impact Factor and #9 by Total Cites.

Journal of Near Infrared Spectroscopy (JNIRS) has a 2019 Impact Factor of 1.198. It is listed in the Spectroscopy category with a ranking of #30 out of 42 by Impact Factor and #31 by Total Cites.

THE JOURNAL COLLECTION

Advances in Optics and Photonics

Advances in Optics and Photonics (AOP) publishes comprehensive review articles and tutorials appropriate for students, researchers, faculty, business professionals, and engineers. This authoritative journal reviews advances in optics and photonics from fundamental studies to engineering applications.

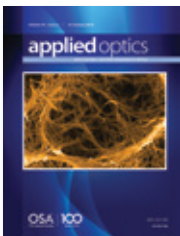

EDITOR-IN-CHIEF: **Guifang Li**
University of Central Florida, USA

PUBLICATION FREQUENCY: **Volume 13, 4 issues, quarterly**

ISSN: **1943-8206 (online)**

2021 Institutional Pricing (in USD)	USA	Canada/ South America	Europe/Asia/Africa
	Online Only	\$620	\$620
With Leased Backfile	\$632	\$632	\$632

Applied Optics

Applied Optics (AO) publishes in-depth, peer-reviewed articles about innovative and practical optical and electro-optical applications in devices, materials, systems, and natural phenomena. Its Engineering and Laboratory Notes are concise articles that share useful techniques for optical engineers.

EDITOR-IN-CHIEF: **Gisele Bennett**
MEPSS, LLC, USA

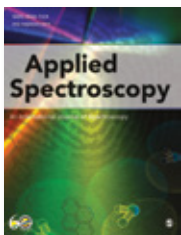

PUBLICATION FREQUENCY: **Volume 60, 36 issues, 3 times/month**

ISSN: **1559-128X (print)**, ISSN: **2155-3165 (online)**

2021 Institutional Pricing (in USD)	USA	Canada/ South America	Europe/Asia/Africa
	Online Only	\$4,949	\$4,949
With Leased Backfile	\$5,238	\$5,238	\$5,238
Print & Online	\$6,318	\$6,551	\$6,832
With Leased Backfile	\$6,661	\$6,894	\$7,175

THE JOURNAL COLLECTION

Applied Spectroscopy

Applied Spectroscopy (AS) covers applications in analytical chemistry, materials science, biotechnology, and chemical characterization.

EDITOR-IN-CHIEF: **Sergei G. Kazarian**
Imperial College London, UK

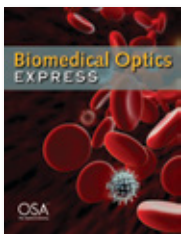

PUBLISHER: **Society for Applied Spectroscopy (SAS)**

PUBLICATION FREQUENCY: **Volume 75, 12 issues, monthly**

ISSN: **0003-7028 (print)**, ISSN: **1943-3530 (online)**

Available from OSA as part of the Print + Online 1 or 3 package or an Optics InfoBase or Optics InfoBase Premium package subscription. For other subscription options, please contact SAGE Publishing.

Biomedical Optics Express

Biomedical Optics Express (BOEx) is OSA's principal outlet serving the biomedical optics community with rapid, Open-Access, peer-reviewed papers related to optics, photonics, and imaging in biomedicine. The Journal's scope encompasses fundamental research, technology development, biomedical studies, and clinical applications.

EDITOR-IN-CHIEF: **Christoph K. Hitzenberger**
Medical University of Vienna, Austria

PUBLICATION FREQUENCY: **Volume 12, 12 issues, monthly**

ISSN: **2156-7085 (online)**

GOLD OPEN ACCESS

THE JOURNAL COLLECTION

Chinese Optics Letters

Chinese Optics Letters (COL) is one of the leading journals for optics in China. Published in English, the Journal provides rapid dissemination of important discoveries in all branches of optical science and technology. COL is sponsored by the Chinese Optical Society, the Shanghai Institute of Optics and Fine Mechanics, and the Chinese Academy of Sciences.

EDITOR-IN-CHIEF: **Zhizhan Xu**

Shanghai Institute of Optics and Fine Mechanics, Chinese Academy of Sciences, China

PUBLISHER: **Chinese Laser Press**

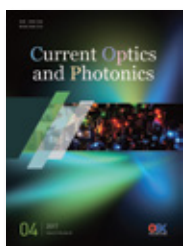

PUBLICATION FREQUENCY: **Volume 19, 12 issues, monthly**

With Leased Backfile	\$1,579	\$1,637	\$1,712

Current Optics and Photonics

Current Optics and Photonics (COPP) is published in English by the Optical Society of Korea (OSK) and is made available through OSA Publishing. Formerly the *Journal of the Optical Society of Korea* (JOSK), this Open-Access Journal publishes recent advances, state-of-the-art research, and development results in all areas of optical science and technology.

EDITOR-IN-CHIEF: **Yoonchan Jeong**

Seoul National University, Korea

PUBLISHER: **Optical Society of Korea**

PUBLICATION FREQUENCY: **Volume 5, 6 issues, bi-monthly**

ISSN: **2508-7274 (online)**

Print & Online	\$3,786	\$3,786	\$3,892
With Leased Backfile	\$3,982	\$3,982	\$4,088

Journal of Near Infrared Spectroscopy

The *Journal of Near Infrared Spectroscopy* (JNIRS) is a peer-reviewed journal that publishes original research papers, short communications, review articles, and letters concerned with near infrared (NIR) spectroscopy and technology, its application, new instrumentation and the use of chemometric and data handling techniques within NIR.

EDITOR-IN-CHIEF: **Roger Meder**
Meder Consulting, Australia

PUBLISHER: **SAGE Publishing**

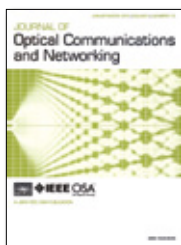

PUBLICATION FREQUENCY: **Volume 29, 6 issues, bi-monthly**

ISSN: **1751-6552 (online)**

Only available as part of the Optics InfoBase and Optics InfoBase Premium packages. For other subscription options, please contact SAGE Publishing for pricing.

THE JOURNAL COLLECTION

Journal of Optical Communications and Networking

The *Journal of Optical Communications and Networking* (JOCN) covers all aspects of optical networking science, technology, and engineering, including both theoretical and practical contributions.

EDITOR-IN-CHIEF: **Jane Simmons**
Monarch Network Architects LLC, USA

PUBLISHER: **OSA and IEEE**

PUBLICATION FREQUENCY: **Volume 13,**

12 monthly online issues, 4 quarterly print issues

ISSN: **1943-0620 (print)**, ISSN: **1943-0639 (online)**

With Leased Backfile	\$3,730	\$3,730	\$3,836

Journal of Optical Technology

The *Journal of Optical Technology* (JOT) is an English-language translation of the Russian journal, *Opticheskiy Zhurnal*, which originates from the S.I. Vavilov State Optical Institute. JOT publishes design details of optical instruments, along with a strong section on computational optics useful to engineers, mathematicians, physicists, and optical scientists.

EDITOR-IN-CHIEF: **Nikolay Rosanov**
S.I. Vavilov State Optical Institute, Russia

PUBLISHER: **S.I. Vavilov State Optical Institute and
D.S. Rozhdestvensky Optical Society**

PUBLICATION FREQUENCY: **Volume 88, 12 issues, monthly**

ISSN: **1070-9762 (print)**, ISSN: **1091-0786 (online)**

THE JOURNAL COLLECTION

Journal of the Optical Society of America A: Optics, Image Science, and Vision

The *Journal of the Optical Society of America A* (JOSA A) is devoted to fundamental results in classical optics, image science, and vision. JOSA A has a rich history of publishing valuable, comprehensive papers on topics such as atmospheric optics, clinical vision, coherence and statistical optics, color, image processing, machine vision, scattering, and visual optics.

EDITOR-IN-CHIEF: **P. Scott Carney**
University of Rochester, USA

PUBLICATION FREQUENCY: **Volume 38, 12 issues, monthly**

ISSN: **1084-7529 (print)**, ISSN: **1520-8532 (online)**

2021 Institutional Pricing (in USD)	USA	Canada/ South America	Europe/Asia/Africa

With Leased Backfile	\$2,747	\$2,747	\$2,747
Print & Online	\$3,330	\$3,420	\$3,510
With Leased Backfile	\$3,511	\$3,601	\$3,691

Journal of the Optical Society of America B: Optical Physics

The *Journal of the Optical Society of America B* (JOSA B) emphasizes fundamental research on the interaction of light with matter, such as quantum optics, nonlinear optics, and laser physics. Each year the Journal adds to its legacy of respected content in topics including atom optics and cold atoms, metamaterials, nanophotonics, photonic crystals, spectroscopy, THz optics, ultrafast phenomena, and other related subjects.

EDITOR-IN-CHIEF: **Kurt Busch**
Humboldt University of Berlin, Germany

THE JOURNAL COLLECTION

Optica

Optica is dedicated to the rapid dissemination of the highest impact results in all areas of optics and photonics. This online-only, Open-Access journal publishes original peer-reviewed research articles, letters, memoranda, and mini-reviews that appeal to a broad audience. A highly selective journal, *Optica* is a venue for authors to publish

their most exciting work, be it theoretical or experimental, fundamental or applied.

EDITOR-IN-CHIEF: **Prem Kumar**
Northwestern University, USA

PUBLICATION FREQUENCY: **Volume 8, 12 issues, monthly**

ISSN: **2334-2536 (online)**

GOLD OPEN ACCESS

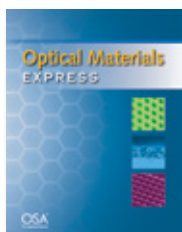

Article Processing Charges

Flat fee up to 15 pages \$1,562 USD

CC BY license available for an additional fee.

THE JOURNAL COLLECTION

Optics Express

Online-only, Open-Access, rapid-publication journal, *Optics Express* (OpEx), publishes peer-reviewed articles that emphasize scientific and technology innovations in all aspects of optics and photonics. Its *Energy and Environmental Optics Express* section reports research on optics in sustainable energy, the environment, and green technologies.

EDITOR-IN-CHIEF: **James Leger**

University of Minnesota, USA

PUBLICATION FREQUENCY: **Volume 29, 26 issues, bi-weekly**

ISSN: **1094-4087 (online)**

GOLD OPEN ACCESS

Article Processing Charges

Flat fee up to 15 pages \$1,980 USD

CC BY license available for an additional fee.

Optics Letters

Optics Letters (OL) offers rapid dissemination of new results in all areas of optics and photonics with short, original, peer-reviewed communications. Criteria used in determining acceptability of contributions include newsworthiness to a substantial part of the optics community and the effect of rapid publication on the research of others.

EDITOR-IN-CHIEF: **Miguel Alonso**

Aix Marseille Université, Institut Fresnel, and Centrale Marseille, France, and University of Rochester, USA

PUBLICATION FREQUENCY: **Volume 46, 24 issues, semi-monthly**

ISSN: **0146-9592 (print)**, ISSN: **1539-4794 (online)**

PACKAGE PRODUCTS

OSA Publishing offers two packages that include comprehensive coverage of the content published in 2021 plus complimentary access to the extended backfiles for all titles included in each package.

The **Optics InfoBase** package provides access to 18 journals; OSA's magazine, *Optics & Photonics News* (OPN); and the conference papers from all of OSA's Topical Meetings. The **Optics InfoBase Premium** package offers access to the same content as the Optics InfoBase package plus the conference papers from all of OSA's major meetings (FiO, CLEO, OFC), unlimited access to OSA's Optics ImageBank of more than 1,000,000 journal images, and access to Anthony Seigman's *Lasers* eBook, OSA's *Century of Optics* eBook, and 4 OPN Centennial eBooks.

E-COMBINATION PACKAGES

In addition to the two Optics InfoBase packages, OSA Publishing offers four other online-only combination packages.

The **E-Combination 1** package offers access to select journals, including OSA's core titles.

The **E-Combination 2** package includes the same titles as E-Combination 1 but also includes access to OSA's Optics ImageBank, which comprises more than 1,000,000 images from OSA's core journal titles.

The **E-Combination 3** and **4** packages allow subscribers to create their own package by either choosing any 2 or 3 of OSA's core titles (as noted below) and then adding OSA's high-impact review journal, *Advances in Optics and Photonics* (AOP). A key benefit of subscribing to any of OSA's E-Combination packages is that we include complimentary access to the extended backfile content for each journal included in the package subscribed to.

DIGITAL ARCHIVE PRODUCTS

OSA's Digital Archive products provide your patrons with perpetual access to high quality optics and photonics research published by the Society for more than 100 years.

The **OSA Centennial Archive** package includes content from 1917 to 2015, covering more than 256,000 journal and magazine articles as well as the conference papers from over 640 meetings. Price: **\$51,000 USD**

The **OSA Digital Archive 1** package includes access to content published from 1917 to 2005, including 135,000 articles and conference papers noted in the chart below. Price: **\$35,000 USD**

The **OSA Digital Archive 2** package includes access to content published from 2006-2015, including 121,000 articles and conference papers noted in the chart below. Price: **\$17,000 USD**

The **OSA Digital Archive 3** package includes access to content published from 2016-2020, including 54,000 articles from the titles below and conference papers. Price: **\$11,000 USD**

DIGITAL ARCHIVE AND OTHER PRODUCTS

Individual Journal Digital Archives

OSA Publishing also offers Digital Archives for some individual journals. You can purchase perpetual access to the archives of *Applied Optics*, *Optics Letters*, the *Journal of the Optical Society of America A* (JOSA A) or the *Journal of the Optical Society of America B* (JOSA B). Purchasing one or more of these Individual Journal Digital Archives ensures access to the content in each journal from either the first issue published through 2006 or from 2007 through 2011.

Journal Archive	Coverage	Price
<i>Applied Optics</i> Digital Archive 1	1962–2006 (35K article PDFs)	\$11,500 USD
<i>Applied Optics</i> Digital Archive 2	2007–2011 (5.2K article PDFs)	\$1,700 USD

CONFERENCE PAPERS AND EBOOKS

Conference Papers Products

Select from several options to subscribe to OSA's conference papers, including: 1) the complete collection of papers from nearly 800 meetings; 2) the papers from one year of the major meetings (CLEO, FiO, OFC) only; or 3) the papers from an individual meeting. A listing of each conference and its years of coverage can be found online at www.osapublishing.org/conferences.cfm.

ISSN: **2162-2701**

Package	Coverage	Price
All Conference Papers	All Content from Major Meeting Series (CLEO, FiO, OFC) and Topical Meetings	\$2,500 USD
Major Meeting Series	Access to all proceedings from one year of CLEO, FiO, and OFC meetings	\$750 USD
Single Conference	Access to a single year of proceedings from any meeting on the OSA Publishing platform	\$250 USD

eBooks

OSA Century of Optics

This eBook presents a selection of people, events, and technologies that were important to the evolution of all fields in optics and photonics from 1916 to 2016.

ONLINE PDF **\$99 USD**

OPN Centennial Booklets

These four eBooklets tell OSA's story and where the Society (as well as the optics and photonics field) is headed.

ONLINE PDF **\$49 USD**

Lasers

Anthony Seigman's gold-standard textbook on laser physics.

ONLINE PDF **\$99 USD**

ORDERING AND CUSTOMER SERVICE INFORMATION

Ordering Information

A one-year subscription covers access to the content published in 2021. Prices shown are for one year only. Contact OSA for multi-site/consortia pricing.

Backfile Access Policy

Individual title subscriptions include complimentary annual access to content published from 2011 through 2020 for the title subscribed to. OSA also offers individual title subscribers the option of leasing the extended backfile content for the title(s) subscribed to for a small fee.

Package subscribers receive complimentary access to the entire backfile for each title included in the package.

Delivery of Print Journals

Print journal subscriptions being mailed to the U.S. and its territories will receive their subscription via USPS. Print journal subscribers in all other countries will receive their subscription(s) via consolidated air freight and delivery by local post. Due to the ongoing pandemic, OSA may need to change or cease shipping from time to time. Subscribers will be notified of changing shipping policies as and when they happen and when they can expect to receive print issues being held.

Claims

Due to the ongoing pandemic, delivery of print issues has been delayed from time to time. As a result of these delivery delays, OSA temporarily extended our claims policy as of March 2020 such that missing issue claims will be honored if they are received within four and a half months of the publication date for a specific issue of an individual journal. Please allow 10-12 weeks for print copies to arrive at your library before submitting a claim to OSA at claims@osa.org. Please first check our Librarian Resources Website for updates on this policy.

Cancellations/Refunds

Requests for refunds will be reviewed on an individual basis and, if approved, will be prorated based on the number of unfulfilled issues in the calendar year. Cancellation requests must be received within 90 days of receipt of the order (whether direct or via subscription agent). Refunds are subject to a \$100.00 cancellation fee per title cancelled.

Library Resource Center
